

Welcome to the CIO Hour!

January 2025

PCI 4 Cometh

Today's Panel

DOUG STOPPER

SVP, IT, Security & Compliance,
Momentive Software

doug.stopper@momentivesoftware.com

Doug brings over 25 years of experience in technology leadership including 15 years in the Department of Defense. This includes expertise with building robust security and compliance programs, designing compliance programs to meet industry standards, establishing secure operations environments and implementing defense in depth programs.

JAMES C. MARQUIS

Chief Information Officer, 501Works

marquis@501works.com | 703.459.9779

James C. Marquis is a seasoned senior executive with more than 30 years of experience working in technology with a wide variety of associations and nonprofits. James' work experience includes serving as CIO for a large medical association, CEO of a technology consulting organization and senior roles in product development and business consulting with for-profit and nonprofit clients. He also has designed and built multiple Internet-based business applications including Mojo Middleware™.

The CIO Hour: PCI 4 Cometh

- Tackling the problems and questions that are on your mind with real-world technology advice
- Featuring experts in their field with decades of real-world experience
- Usually the first Thursday of every month

Visit www.theCIOHour.com for upcoming topics and events.

Ground rules...

- No question is off limits!
- If the question is too specific to a particular situation, we may defer it but are happy to talk to you offline or after the event.
- This is a safe space, but we understand if you wish to remain anonymous.
- You may claim 1 CAE credit – details will be emailed tomorrow

Agenda

- In the News – A few highlights that might interest you
- Q & A – 40 min – Discussion with our experts and taking your questions
- The CIO after Hour – 30 minutes of open mic discussion

In the News...

The Road to PCI 4.0

PCI DSS v4.0 Transition Timeline*

* All dates based on current projections and subject to change
** Preview available to Participating Organizations, QSAs, and ASVs
*** Effective date for future-dated requirements to be determined upon confirmation of all new requirements

SOURCE: <https://blog.pcisecuritystandards.org/updated-pci-dss-v4.0-timeline>

On to Your Questions...

What is PCI DSS and why does it matter?

Who do you see taking the lead with PCI compliance – Finance or IT?

What are the big changes put in place with PCI DSS v4.0?

If we use a SaaS based platform that accepts credit cards on our behalf, do we need to worry about PCI?

How do we know if we are storing or transiting credit card information?

Are Self Assessment Questionnaires (SAQs) part of DSS 4.0?

What's been your biggest challenge?

What sort of outside resources did you use to help with these efforts?

Are there any tools you recommend to help with managing PCI DSS?
